From the

Mayor's Desk

PARAMOUNT THE CITY
Safe, Healthy, and Attractive

MAYOR ANNETTE C. DELGADILLO

Citizen of the Month: Alicia Anderson

At the July 9 City Council Meeting, I presented the Mayor's Gold Key Award to a very deserving, committed Paramount resident, Paramount Unified School District Board Member Alicia Anderson. A Paramount resident since 1962, Ms. Anderson is a remarkable individual who has been actively serving our community in a variety of ways over the years. She has been a dedicated Paramount USD Board Member for over 17 year, and she has also been very active with the PTA, advocating for more quality education on behalf of students and parents.

Ms. Anderson is the owner of a salon and has been a hairdresser for over 30 years. In partnership with Paramount's Community Services Department, every summer Ms. Anderson coordinates free haircuts for foster youth served by the school district. She has also served on the Planning, Senior, and Park and Recreation Commissions. On behalf of the City, we sincerely thank Ms. Anderson for her continued support and dedication to our community. (*Please also see page 6.*)

Paramount has a new heart!

The City, in partnership with the non-profit organization *Piece by Piece*, unveiled Paramount's newest public artwork, located in front of the Paramount Park Community Center. This beautiful, five-foot-tall creation, entitled "Paramount's Heart," is a vibrant testament to the power of community and collaboration.

Crafted from recycled ceramic and glass, the sculpture features a beautiful mosaic of flowers. It was decorated by a group of artists from *Piece by Piece* and 17 of Paramount's very own senior residents. The City invites the public to check out the new art piece and admire the thoughtful craftsmanship. (*see another photo on page 6*).

Seniors who worked on the sculpture pose with City Council.

Street-sweeping update

Starting August 1, the City of Paramount will transition its street sweeping provider to Athens Services. Residents can expect the continuation of reliable and efficient service. Most street sweeping schedules will remain unchanged, ensuring our streets stay clean and well-maintained. Neighborhoods with schedule changes will be notified soon. A grace period for enforcement in those neighborhoods will be provided. For any questions or concerns, please contact the Public Works Department at (562) 220-2020.

Labor Day closure

The City is pleased to share that SEAACA has launched a free neutering program for dogs. Paramount residents with male dogs up to 30 lbs. are qualified to receive free neutering, microchipping, DHPP vaccination, rabies vaccination, and a month of flea control—plus much more! To keep your furry friend safe and healthy, call Vet Care at 714-895-8600 or visit seaaca.org for more information.

Comment on the Parks Master Plan!

Over the past year, the Community Services and Recreation Department has embarked on a lengthy and thorough process to develop the City's first-ever Parks Master Plan. This document establishes clear directions in the development and investment of City parks, facilities, and open spaces for the next ten years. In partnership with the community, this plan supports healthy lifestyles, community livability, park safety, and the overall quality of life in Paramount. Find the plan on our website: www.paramountcity.com/Recreation

We want to hear from the public about the draft plan! Submit your feedback by email to recreationonline@paramountcity.com. Deadline to provide your input is August 9.

Mariposa Kids Club reminder

Mariposa Kids Club has been attracting children ages 5 through 12 to enjoy games, crafts and outdoor adventures. It's a free, drop-in program at Progress Park that doesn't require registration.

The club will last until August 16. Hours are 2 to 4 p.m., Monday through Thursday, For details, please call Paramount Community Services at 562-220-2121.

Mayor's Gold Key Award: Alicia Anderson

At the July 9 City Council Meeting, the Mayor's Gold Key Award was presented to Alicia Anderson, Paramount Unified School District Board Member. To learn more details, please see "From the Mayor's Desk" on page 3.

City retirees honored

At the July 9 meeting, the City Council recognized the following retirees: Norm Mamea, Public Works Water Superintendent (above); Jorge Garcia, Public Works Senior Maintenance Worker; Mark Dorsey, Community Services Officer Supervisor (below); and David Johnson, Community Services and Recreation Director. The City Council thanked all retirees for their dedication and commitment to excellent service over the years. From left: Councilmember Vilma Cuellar Stallings, Mayor Annette C. Delgadillo, Mamea, Vice Mayor Peggy Lemons, and Councilmember Brenda Olmos.

Parks and Recreation Month proclaimed

The City Council proclaimed July as Park and Recreation Month at its July 9 meeting. The celebration promotes building strong and vibrant communities through the power of parks and recreation and recognizes parks and recreation professionals. This year's theme was "Where You Belong." Paramount has a history of dedicated individuals who operate its programs, services, and activities and are extremely good at serving residents and being very sensitive to their needs. Accepting the City's proclamation was Steve Yanez, Vice Chair of the Parks and Recreation Commission. From left: Councilmember Vilma Cuellar Stallings, Mayor Annette C. Delgadillo, Yanez, Vice Mayor Peggy Lemons, and Councilmember Brenda Olmos.

Council unveils new public sculpture

City councilmembers unveiled "Paramount's Heart," our latest public sculpture, on July 17—a beautiful, five-foot-high mosaic heart at the Paramount Park Community Center created by 17 Paramount senior citizens (*see photo on page 3*), who worked in collaboration with artists from *Piece by Piece*, a non-profit organization with the mission "to empower residents who have experienced homelessness or economic insecurity by providing free mosaic art workshops enabling them to build confidence, earn supplementary income, and promote wellness and an improved quality of life" (to learn more, visit *piecebypiece.org*). In 2022, a team of 11 artists from this organization created a lovely mosaic titled "Brilliance of Community" for the exterior wall at the entrance to the Paramount Park Community Center.

LA County Library and Supervisor Janice Hahn celebrate Paramount Library reopening after $4.8-million renovation

Los Angeles County Library celebrated the grand reopening of the Paramount Library on July 17 following a $4.8 million renovation. The event featured LA County Supervisor Janice Hahn, LA County Library CEO Skye Patrick, LA County Public Works Director Mark Pestrella, Paramount Mayor Annette C. Delgadillo and Paramount Vice Mayor Peggy Lemons (*see photo below)*, who helped celebrate the library's transformation into a modern facility. The free event gave the community a chance to explore the new facilities and enjoy refreshments, giveaways and family-friendly activities.

"When it comes to our public libraries, there is no cutting corners. Paramount families will now have the top-notch, state-of-the-art space for learning, growth and entertainment that they deserve," Supervisor Hahn said (*see photo below, right*).

"We are excited to welcome our neighbors back to the newly renovated Paramount Library," said Skye Patrick, LA County Library CEO. "This transformation reflects our commitment to providing modern facilities that cater to the diverse needs of our community. Customers will enjoy some of the unique elements we incorporated that bring nature into an indoor setting. We can't wait for everyone to experience the new space."

RENOVATION HIGHLIGHTS

- Desktop computers: seven for adults, four for teens, four for children and two for early learning—plus two iPads for accessing the library's online catalog of resources and materials
- Community meeting room with kitchenette, 85-inch TV, nine tables and 30 chairs, and two group study rooms with Polycom TV, media inputs and new seating.
- 36 reader seats and 10 lounge seats
- Two self-checkout machines
- Reader tables with power and USB charging
- Digital information board in the lobby
- New ceiling light fixtures replicating skylights
- ADA-accessible restrooms with water-efficient fixtures
- High windows for enhanced natural lighting
- Vertical garden in the lobby entrance
- Drought-tolerant landscaping

Public Safety

Two tons of illegal fireworks off the streets!

This July 4th, Paramount's Public Safety Team, in collaboration with the LASD Paramount SAO Team, took bold action to ensure a safer community by issuing over 200 citations and seizing a staggering two tons of illegal fireworks (the photo above shows only a small part).

We sincerely thank Paramount residents for reporting illegal fireworks. Your vigilance and commitment to safety are crucial to our ongoing efforts to keep our city secure. Remember, every call counts! To report the use or sale of illegal fireworks anytime during the year, please call 562-220-2002.

BARK in the PARK

A party for fortunate Paramount pooches took place on the morning of July 17 at the City's well-attended ***Bark in the Park*** event at Paramount Park.

Dogs of many breeds and their owners enjoyed large play areas filled with toys, and vendors were on hand to provide canine-related products and snacks (for people, too). *No cats were allowed!*

'Dog Days' *of* summer

July and August are traditionally called "Dog Days"—and not just because both dogs and people (like the guy at the right) are trying to beat the heat! The ancient reason for the name is more astronomical than seasonal.

The brightest star in the night sky is Sirius, nicknamed "the dog star" because of its prominent place in the constellation *Canus Majoris* (Great Dog).

For ancient Egyptians, the initial rising of Sirius in early dawn in summer coincided with the start of the Nile River flood season, so they regarded this star as the "watchdog" for that all-important event.

Unlike Egyptians, ancient Greeks and Romans didn't welcome the appearance of Sirius. For them, the rising dog star signified troubling times. In ancient Greek, the work *sirius* means "scorcher."In *The Iliad*, the famous 8th-century Greek poet Homer wrote:

> Sirius rises late in the dark, liquid sky
> On summer nights, star of stars,
> Orion's Dog they call it, brightest
> Of all, but an evil portent, bringing heat
> And fevers to suffering humanity.

The Roman poet Virgil similarly wrote in his *Aeneid* that "fiery Sirius, bringer of drought and plague to frail mortals, rises and saddens the sky with sinister light."

The venerable *Old Farmer's Almanac* issued dire warnings in 1817: "Dog Days are approaching; you must, therefore, make both hay and haste while the Sun shines, for when old Sirius takes command of the weather, he is such an unsteady, crazy dog, there is no dependence upon him."

Scientifically speaking, since Sirius is 8.7 light-years (52.2 trillion miles) away from Earth, it has no effect at all on our planet's weather or temperature. Its dawn rising at the hottest time of the year in the Northern Hemisphere is purely happenstance. In fact, relative to the Sun, the position of Sirius is gradually shifting, and in about 10,000 years, it will rise in mid-winter.

Nonetheless, "dog days" continue to play a significant role in popular culture, with references abounding in literature and film ranging from works by Charles Dickens to the 1975 American movie *Dog Day Afternoon* to a popular Japanese anime series from 2011 titled *Inu No Hi* (*Dog Days*). Taylor Swift's 2020 album *Evermore* even mentions "the violence of the dog days."

Chamber ribbon-cutting for Carniceria El Cortez

Ruben Reyes wields the big scissors.

Below (left to right): Chamber of Commerce President Ben Berg, Ruben Reyes and Mayor Annette C. Delgadillo.

The Reyes family

We gathered at 16260 Paramount Blvd. on July 23 for the grand opening of **Carniceria El Cortez**. Owned by the Reyes family, this premium meat market offers "the finest black angus beef in Southern California." The family also operates markets in Norwalk and Downey, as well as a taco restaurant. Representatives from Los Angeles County, the State of California, the City of Paramount and the Paramount Chamber of Commerce attended the ceremony and offered congratulations.

Paramount does *National Night Out* in style!

A large and enthusiastic Paramount crowd celebrated the 2024 ***National Night Out*** on July 25 at Progress Park in conjunction with a lively summer concert series performance.

National Night Out is an annual opportunity for citizens to engage with Public Safety and the Los Angeles County Sheriff's Department in a celebration of all the people who help with community-policing to keep Paramount safe.

A carnival atmosphere prevailed as residents, including lots of youngsters, enjoyed live music, a kid zone, food trucks, raffles and dancing.

Thanks to those who participated and took time to show appreciation for our all-important law-enforcement officers.

Lindsay Lumber closes after more than a century in business

Founded in 1921, Lindsay Lumber Company became a veritable Paramount institution during its 103 years of operation.

Many thousands of board feet of lumber and other building materials from this company were used to build homes and businesses throughout Paramount. They also sold garden equipment, paint and a wide array of other products to both professional contractors and countless regional do-it-yourselfers.

Located at 15101 Paramount Blvd., the company remained a family-run business from beginning to end. Kevin W. Lindsay and his son Taylor were the final owner-operators. Earlier this year, they decided to close and sell their property, which will now be redeveloped into new commercial enterprises.

Lindsay Lumber was one of the earliest companies to join what was then the Hynes-Clearwater Chamber of Commerce in 1924. (Those two communities were merged to form Paramount in 1948.)

Founded in 1921, Lindsay Lumber Company was steadily expanded over its ensuing century of operation.

Warren Lindsay served on the Chamber board of directors for 21 years and was president in 1926-1927 and again in 1938-1939.

Kevin W. Lindsay later served as Paramount Chamber of Commerce president from 2001 to 2003 and again in 2008-2009.

We sincerely thank the Lindsay family for their many contributions to the growth of the Paramount community and their numerous, productive years of service to the Chamber of Commerce.

562-634-2980

The U.S. Centers for Disease Control and Prevention calls mosquitoes the "world's deadliest animal"—a heavy moniker for an insect that weighs just 2.5 milligrams! But it's well-deserved, because mosquito-transmitted diseases kill about 700,000 people worldwide every year.

To raise awareness about this preventable scourge, the American Mosquito Control Association has joined with other vector-control agencies around the world in declaring August 20 as "World Mosquito Day."

Help fight the bite! Here in Paramount, we especially have to control our local *Culex* mosquitoes that can transmit potentially deadly West Nile disease. Here's how you can help protect your family and community:

- Eliminate standing water in rain gutters, rain barrels, discarded tires, buckets, watering troughs or anything else that holds water for over a week.
- Ensure that swimming pools, spas and ponds are properly maintained.
- Change water in pet dishes, bird baths and small containers at least weekly.
- Report any neglected (green) swimming pools (contact information below).

For an extensive list of common indoor and outdoor sources and recommended solutions, please visit *bit.ly/diy-mosquito-solutions*.

For more details, Paramount residents should contact Greater Los Angeles County Vector Control District at **562-944-9656**, online: *GLAmosquito.org,* or on social media: Facebook, X, Instagram, Nextdoor and YouTube.

When it's *really* hot...

High heat warnings from county and state health agencies have been showing up with increasing frequency, and heat records are being broken all around the state and USA this year.

That's why it's really important to take precautions for the next few months to avoid heat-related sicknesses and to know what to do if you, your family members or neighbors fall prey to heat exhaustion or heat stroke (*see chart at the right*).

Young children, elderly people and those with compromised health are especially vulnerable to heat sickness, but it can strike anyone. In fact, over the past three years, extreme heat has caused the highest number of deaths among all weather-related emergencies—even more than tornadoes and hurricanes.

"Extreme heat" is defined as two or more successive days with heat of 90 degrees F or above.

Extreme heat precautions:

- Avoid strenuous activities.
- Wear light-colored clothing.
- Drink plenty of fluids.
- Find shade or air conditioning.
- Check on family members and neighbors to make sure they're OK.
- Watch out for heat cramps, heat exhaustion and heat stroke.
- Never leave people or pets in a closed car.

- Identify places in your community where you can go to stay cool.
- Cover your windows with shades or drapes during daylight hours.
- Avoid being in the sun as much as possible, especially between 10:30 a.m. and 2 p.m.
- Use sunscreen—a sunburn can clog sweat pores, limiting your body's ability to cool down.
- Electric fans can provide comfort, but once the temperature hits the high 90s, they will not prevent heat-related illness and they can give you a false sense of security.
- If you use a fan, place a pan filled with ice in front of it. The fan's breeze will pick up the cold air from the melting ice and create a cooling mist.
- Run ceiling fans counter-clockwise to pushing cool air downward.
- If you have a swimming pool, take a plunge—or take a cooling shower.
- Avoid using your stove or oven. Use a microwave or outdoor grill.

Watch local weather forecasts, and when extreme heat is predicted, be prepared to take all precautions shown here.

Smart moves for *safe* back-to-school driving

With the school year quickly approaching in Paramount, it's time to gear up for a safe and smooth transition back to the classroom. According to the American Automobile Association, traffic accidents involving school-age children increase by up to 30% during the back-to-school season. The Paramount Public Safety team is ready to help protect our students by enforcing back-to-school traffic safety measures and working with the Paramount Unified School District to implement prevention plans that promote smart moves for a safe school year.

Starting the week of August 12, the Los Angeles County Sheriff's Department will be on high alert with enhanced traffic enforcement. Violations such as stopping at red curbs, obstructing roadways and not yielding to crossing guards will result in fines ranging from $53 to $238.

To further support student safety, the City is hosting a free *Student Safe Walking Class* on August 10 to provide students with valuable walking safety tips and practical advice. LASD deputies will conduct two sessions at the Sheriff's Station (15001 Paramount Blvd.), the first from 9 to 10 a.m. and the second from 10 to 11 a.m. For more information or to register, please call **562-220-2002**.

Remember to adhere to the following practices while traveling:

- Follow all traffic signals and signs.
- Reduce speed in school zones and be prepared to stop for pedestrians and school buses.
- Always cross streets at designated crosswalks.
- Look both ways before crossing and establish eye contact with drivers to make sure that they see you.
- Keep electronic devices hidden and avoid using them when in areas with high pedestrian traffic.

By actively enforcing regulations and raising safety awareness, Paramount aims for a safe and successful start to the school year for all our students.

For more information about the back-to-school safety campaign, follow the Public Safety Department at facebook.com/paramountpublicsafety.
